At MHA, we work every day on addressing the needs of those living with mental illness and substance use disorders and promoting the overall mental health of all Americans. At the heart of everything we do is the belief in the strength and resiliency of the individual, communities, the power of peers, and that recovery is possible.

It’s important when working towards recovery of mental illnesses and substance use disorders, we understand the root causes. We know that trauma can greatly impact a person’s mental health - whether it occurs in childhood or as an adult – and the effects of trauma can last for a lifetime. We know that often substance use disorders can also coexist with mental illnesses. We know caregivers and peers can play an integral role in recovery, and we know that if we focus on early identification and care for those who need it, we can change the trajectory of lives.

These issues are exactly what Mental Health America (MHA) will examine at our 2020 Annual Conference: From Resiliency to Recovery, taking place in Washington, DC from June 11-13, 2020 (with a special Pre-Conference Day for Affiliates and invited guests on June 10).

At MHA’s 2020 Conference:
• We will examine the individual’s capacity to thrive amid adversity – and how communities are coming together to help address these issues.
• We’ll talk about the recovery model in mental health care - centered on the belief that individuals with mental health conditions can lead full, rewarding, self-directed lives - and how peer support can be an effective and essential element of recovery-oriented mental health systems.
• We’ll focus on cognitive, emotional and behavioral effects of childhood trauma, their long lasting impacts into adulthood, and how research shows trauma can cause permanent changes in the structure and chemical activity of a growing brain;
• We’ll talk about how racism, anti-immigrant bias, anti-LGBTQ prejudice, and other forms of discrimination can impact mental health and well-being;
• We’ll dive into the principles of trauma-informed care – and how safety, trustworthiness, peer support, collaboration, empowerment, and cultural sensitivity must be incorporated into life-long services and supports for victims of trauma; and
• We’ll learn about the work that communities are developing and implementing in response to the specific barriers experienced by diverse individuals dealing with mental illnesses and substance use disorders.

These events feature high profile keynote speakers, such as Patrick Kennedy, Senator Tim Kaine, musician Demi Lovato, gymnast Katelyn Ohashi, and/or recognized major leaders in the mental health field.

During MHA’s conference, there are also opportunities to sponsor specific evening receptions, including the opening reception, the Clifford W. Beers Society Reception, and the General Reception and Awards Ceremony. These events are an opportunity to promote a brand while networking with attendees, MHA staff and prominent speakers and VIPs.

NETWORKING LOUNGE $15,000 **EXCLUSIVE**

In recent years, MHA sectioned off prime space near the ballroom and breakout rooms, specifically for a networking lounge so that our attendees, sponsors and speakers had ample opportunity to chat. Our attendees wanted a place to talk with other attendees and create new connections – and it was a hit! 33% of attendees surveyed said they were strongly influenced to come to the Annual Conference by networking opportunities. Attendees made meaningful connections that will blossom into incredible collaborations with their newfound knowledge of mental health topics.

As one of our most successful areas of the conference, you could get exclusive recognition on signage and in the event app as the Networking Lounge Sponsor.
VIP Speaker Room $10,000 Exclusive

MHA’s keynote speakers are personally greeted and guided to our private VIP speaker room for some rest and relaxation prior to the event. Special guests, such as constituents and executive directors of MHA’s affiliates, are often invited to meet and greet the guest. Past speakers at MHA’s Annual Conference include Surgeon General Vivek Murthy, Born This Way Foundation’s Cynthia Germanotta, United States Senator Tim Kaine, journalist Eugene Robinson, athletes Abby Wambach and Katelyn Ohashi; and musicians Michelle Williams, Neon Trees, and Demi Lovato.

With added functionality and attendee connect tools – this exclusive opportunity will get your brand in front of every attendee!

All attendees are provided with a complimentary tote bag that is stuffed with helpful resources, advertisements from MHA supporters, and fun promotional items. IN-KIND SPONSORSHIP OPPORTUNITIES

A limited number of in-kind sponsorships are available to non-profit and media organizations.

NON-PROFIT IN-KIND SPONSORSHIPS

MHA understands that not all nonprofits can afford full sponsor rates yet bring a unique and important perspective to the conversation. For a limited number, we will consider an in-kind exchange (details will be determined on a case-by-case basis). Nonprofit partners receive all benefits at the Bronze Premium Level sponsorship and recognition on signage and at the annual Clifford Beers Awards dinner.

MEDIA IN-KIND SPONSORSHIPS

As part of our mission to address mental health Before Stage 4 (B4Stage4), it is crucial to change the public’s perception of mental health and the common narrative often seen in various media. As a matter of public policy, mental health conditions are the only chronic conditions that we wait until after a Stage 4 crisis – like suicide attempts – to begin addressing. We’re looking for media innovators who want to help us change this frame. This will help us spread the knowledge that our speakers have to the hundreds of thousands of MHA followers and subscribers and to your own media outlets.

As a media sponsor, you will be at the forefront of mental health news, issues, and innovations at MHACONF20 and be a meaningful participant in the effort to end stigma and to bring mental health to the mainstream. Media sponsors are expected to contribute to some or all the following: filming of conference, blogging, speaker interviews, broadcast coverage, and social media coverage. Media sponsorship is a very limited option, and one that MHA will consider on a case-by-case basis.
